PRODUCTS

Industry solutions

Coil packing machine

- » Steel coil packing machine
- » Wire coil packing machine
- » Copper coil packing machine
- » Hose packing machine
- » Tyre packing machine
- » Pipe packing machine
- » Cable packing machine

Stretch Wrapping Machine

- » Pallet wrapping machine
- » Automatic wrapping machine
- » Rotary arm wrapping machine

Horizontal Wrapping Machine

- » Pipe wrapping machine
- » Rod wrapping machine
- » Aluminum wrapping machine
- » Profile wrapping machine

Shrinking Machine

- » Door packing machine
- » Box shrinking machine
- » Board shrinking machine

Coil Upender

FPC Series: Copper coil packing machine

FPC-200

The major field is shrink wrapping machines for industries. Our rich experience has given us the opportunity to cover all types of companies from the smallest to the really large ones according their specification and we are represented in different branch of industries.

- Flooring industries (Parquet-, Laminate-, Cork-, and solid wood).
- Moulding industries (panels, strips, and solid wood).
- Kitchen and bathroom industries.
- Furniture (knockdown).
- Board industries (bench-, ceiling-, wall boards).
- Door and window industries.

Specification:

Description:

FPSH-D series door packing machine is a automatic shrinking machine for door, window, wooden with three sides sealing and full sides packaging,... which is with highly efficiency and nice packaging for saving labor and material cost.

Another Machines

Door Shrinking Machine

The machine is special designed for door packaging. The package concept is an integral part of the packaging.

Panel Wrapping Machine

The machine puts a tight layer of film over all surfaces of the panel.

Features:

1. It can be combined with an automatic production line for automatic shrink wrapping, which including feeding the packing material, sealing, material recover...
2. Full sides shrinking packaging
3. Adopts photo electricity for inducing the products for fix the position.
4. Two feed-in modes, auto/manual can be choosing,
5. Adopts PE of POF film on rolls, and the machine will seal other three sides automatically.
6. According to different collocations for the machine and different products
7. Constant temperature heat sealing and cutting system is suitable for PE. PVC. POF etc, industrial standard shrink films.
8. The sealing width is adjustable for different products
9. The front feed in systems speed is adjustable, combines a worktable at the end of the tunnel, makes whole machine highly automatic, it runs automatically without an operator comes true.
10. Hi-speed hot air circulating shrink tunnel.
11. Sealing system: permanently heated seal bar with easy-exchangeable sealing blade without odorous, temperature controlled and detected by PLC

Parameters:

1.Sealing part

Control: PLC
 Structure Material: Carbon steel
 Packing Objects:
 Length: 1000-4000mm
 Width: 1200mm
 Height: 180-210mm
 Height of Working Table: app. 800mm
 Conveyor speed: app. 4-9m/min
 Packaging Type: Full packaging
 Packing Material: PE/POF/PVC film with reserve pore.
 Sealing part power consumption: app.4KW
 Power Supply: 380V
 Air Supply: 6~8kgf/cm2

2. Shrinking part

Structure Material: Carbon Steel
 Length:5000mm
 Shrinking tunnel:4000mm
 Shrinking Side: W 1400mm x 300mm
 Heating Power Consumption: App.20Kw
 Calorific: 4PCS
 Cooling Fans: 1 Group
 Drive Part: Frequency control Motor
 Conveyor speed: app. 6m/min
 Temperature: 100 C-220 C
 Packing Material: PE/POF film with reserve pore.
 Power Supply: 380V

We offer a standard line of components for the door and window industry that focus on quality, reliability, and emphasize ease of maintenance. Machinery can also be designed for your specific application.

To see our products, please reference the menu listing on the left. Inside, you will see a sample of our products, as well as PDF documentation on our products (when available)

If you have any questions regarding our company or our products, please use the 'Contact Us' bottom on the top right.

We invite you to inspect our facilities and allow us to acquaint ourselves with you.
